

AFCO MILLWORK – KEY PROVIDER TO INDUSTRIES

ALL SOLID, ALL PLASTIC

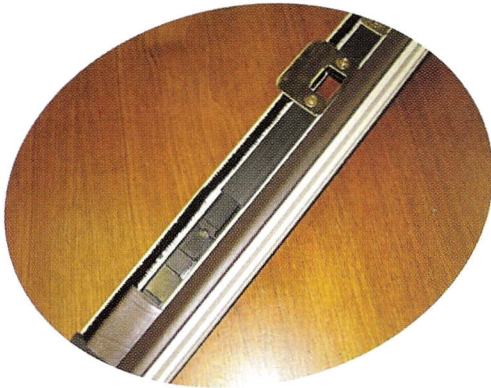

ASAP sills are absolutely the least expensive bronze adjustable sills in the business

DID YOU KNOW THAT AFCO MILLWORK IS ...

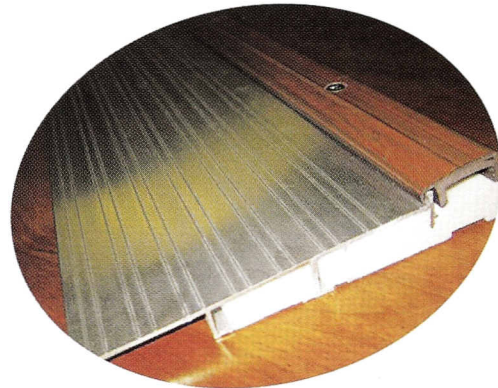

- ...the oldest sill manufacturer in North America?
- ...the most vertically integrated because we extrude our own aluminum and plastic?
- ...manufacturing, production, engineering, customer service, and sales, all under one 165,000 square foot roof?
- ...the only employee owned door component manufacturer?
- ...a shipper of over 2 million sills and 3 million door sweeps every year?

PAINTABLE / STAINABLE

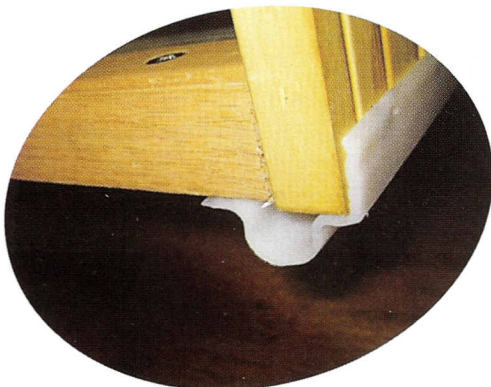

Ask about the five upgrades available on all our aluminum T-astragals – receives gel stain and exterior grade paint

SOLID 6-9/16"

For 6-9/16" jambs; can extend to 10-5/8"

DOOR UNIT SKID PLATE

Made from polyethylene, it makes heavy door units feel like they have wheels

OUTSWING UNITS WITH MULLS

O/S DJA's can be installed at AFCO or your shop – makes for easy door assembly for outswing units with fixed panels

48 Hour Ship Program

AFCO feels that one of the best ways to bring added value to the market is to compress lead times, allowing our customers to better control their lead times. Ask about our **48 Hour Guarantee Ship Program** for stock items and even custom orders.
